February 27. 1734.

Unto the Right Honourable, The Lords of Council and Session,

T H E

P E T I T I O N
O F

Robert Murray, late Macgrigor of Glencarnock,

Humbly Sheweth,

THAT in the Reduction presently depending at your Petitioner's Instance, against *John Murray*, alias *Macgrigor*, and others, of a Tack set to them upon the Head of Force and Violence, committed and threatened by the Defenders and their Associates, a Defence was pleaded, That the Tack was homologate, by receiving the Tack-duties since the Date of the Tack.

That though your Petitioner is advised, that the interim receiving the Tack-duties is no such Homologation as can exclude the Reduction; yet to prevent any Cavil on that Ground, as to future Receipts, during the Dependence of this Process, and that the Rents stipulate by the Tack may not perish in the mean time, he must apply to your Lordships to interpose, that you would be pleased to name a Factor, for uplifting the by-gone and current Rents, and such as may fall due during the Dependence of the Process.

May it therefore please your Lordships, to appoint Colin Campbell, Serjeant to Captain John Campbell of Carrick, to be Factor, with Power to him to uplift the bygone Rents due by the Tack quarrelled, and in Time coming, during the Dependence of this Process.

According to Justice, &c.

ROB. CRAIGIE.
